

Dear Friends and Supporters,

We are thrilled to share something truly transformative for the animals and community we serve.

Today, we officially launched our [Capital Campaign](#) to build a new shelter. This new, purpose built facility will be a safe, modern, and welcoming space where every animal will have the care, comfort, and second chance they deserve.

For years, your compassion and generosity have allowed us to rescue, rehabilitate, and rehome more than 80,000 animals. Because of you and your support, we have met the needs of the people and animals in our community.

As we have grown, the need for the vital services we provide has grown as well. The time has come for us to create a physical space to meet the expanded needs in our community.

Our new facility will allow us to have adequate space for medical care, quarantine, foster coordination, and community programs including humane education.

The need is greater than ever — and together, we can rise to meet it.

Our new shelter will provide:

- Expanded housing for cats resulting in a more enriching environment for the cats in our care.
- Dedicated medical and surgical clinic to meet the demands for our services including low cost spay and neuter and veterinary services.
- Quarantine areas to prevent disease spread and to be better able to care for the most critical cases
- Areas for training, volunteer engagement, and community education
- Safe, comfortable spaces for staff and foster support operations
- Meet-and-greet spaces to help families connect with companion animals resulting in higher rates of adoption.

This campaign is more than a building project. It is an investment in lifesaving capacity, in public health, and in the bond between people and animals in our community.

We have an ambitious goal of \$6,000,000 to make this vision a reality and have already secured 40% of our needed funds. Every gift brings us closer to opening the doors of a facility designed for hope, healing, and second chances.

Will you consider making an early leadership gift to help launch this campaign strong? Your support at this critical moment will inspire others to join and help us build a brighter future for vulnerable animals.

Please visit www.akcapcamp.com or contact us directly to make a gift, learn more about naming opportunities, or additional ways to get involved.

Together, we will build a kinder future.

With sincere gratitude,

Nicki Armsby
Board Treasurer & Executive Director
